

Oil and Gas of Uzbekistan

December 2007

CONTENTS

Introduction	13
Chapter 1. Uzbekistan Country Review	14
1.1. Uzbekistan in brief	14
1.2. Geography	14
1.3. Economy	16
1.4. Population	20
1.5. Political Overview	20
1.5.1. Political system	20
Government	21
Oliy Majlis (Parliament)	22
1.5.2. Uzbekistan's administrative division	23
1.6. Conclusions	24
Chapter 2. Current Investment Climate in Uzbekistan's Petroleum Industry	25
2.1. Establishing a system for Uzbekistan's interaction with foreign investors	25
2.2. Legal framework	27
2.3. Taxation of the Uzbek petroleum industry	32
2.4. Conclusions	34
Chapter 3. State Objectives in Development of Uzbekistan's Oil and Gas Industry	35
Conclusions	38
Chapter 4. Oil and Gas Complex of Uzbekistan	39
4.1. Resource base of the oil and gas industry	39
4.2. Oil and natural gas production in Uzbekistan	52
4.3. Oil and gas transportation infrastructure in the Republic of Uzbekistan	58
4.4. Processing of oil, condensate and natural gas	65
4.5. Oil, oil products and natural gas consumption in Uzbekistan	77
4.6. Oil and natural gas export/import	80
4.7. Conclusions	84
Chapter 5. Current Status and Growth Prospects of National Holding Company Uzbekneftegaz	85
5.1. Shareholders, governance structure, strategic objectives, financial performance	85
5.2. Joint Stock Company Uzgeoburneftegaz	88
5.3. Joint Stock Company Uzneftegazdobycha	91
5.4. Joint Stock Company Uztransgaz	95
5.5. Joint Stock Company Uznefteprodukt	99
5.6. Joint Stock Company Uzneftegazstroyinvest	101
5.7. Joint Stock Company Uzneftegazmash	104
5.8. Conclusions	105
Chapter 6. Foreign Companies in Uzbekistan's Oil and Gas Sector	107
6.1. Russia	107
6.1.1. OAO Gazprom	107
6.1.2. OAO LUKoil	112
6.1.3. Soyuzneftegaz-UzPEK	118
6.1.4. Stroytransgaz Oil	121
6.1.5. Rosneft	122
6.2. European companies	123
6.2.1. ZEROMAX GMBH	123
6.2.2. Gas Project Development Central Asia AG (GPD)	127

6.2.3. ROSEHILL ENERGY	127
6.2.4. Eriell Corporation	131
6.3. China	133
6.3.1. CNPC	133
6.3.2. Sinopec	136
6.3.3. TUHA	136
6.3.4. CPTDC	137
6.3.5. Funding of Uzbekneftegaz by Chinese companies	137
6.4. South Korea	137
6.4.1. KOGAS	137
6.4.2. KNOC	138
6.5. Malaysia	139
6.5.1. JV Uzmaloil	139
6.5.2. Petronas	140
6.6. India	141
6.6.1. Gail Limited	141
6.7. Singapore	141
6.7.1. Temasek Holdings	141
6.7.2. Oil tech exploration and production	143
6.8. Aral Sea development consortium	143
6.9. Conclusions	143
Chapter 7. Republic of Uzbekistan's Investment Blocks Under Government Control	145
7.1. Ustiurt petroleum region	145
7.1.1. Surgilsky investment block	145
7.1.2. East Urginsky investment block	146
7.1.3. Koskudyksky investment block	146
7.1.4. Ashibulaksky investment block	146
7.1.5. Kossorsky investment block	147
7.2. Bukhara-Khiva petroleum region	148
7.2.1. Beshkent-Alyaudinsky investment block	148
7.2.2. Kashkadarya-Azlyartepinsky investment block	149
7.2.3. Yangikazgansky investment block	149
7.2.4. Karakyrsky investment block	150
7.2.5. East Kultaksky investment block	151
7.3. Surkhandarya petroleum district	152
7.3.1. Koshtarsky investment block	152
7.4. Conclusions	152
Conclusion	154
Attachment 1	156
On Measures to Improve Operations of National Holding Company Uzbekneftegaz	156
Attachment 2	159
On Measures to Improve the Issuance Procedure of Licenses to Use Subsoil Blocks	159
Supplement to the Decree No. PP-649	159
Attachment 3 Contacts at companies operating in Uzbekistan's oil and gas sector and their chief executives ..	176
Attachment 4 Oil and Gas Provinces of Uzbekistan	188

Charts

Chart 1.1. Goods turnover dynamics (US\$ million)	18
Chart 1.2. Historical consumption of foreign investment under the Investment Program (US\$ million) ..	18
Chart 1.3. Historical contribution of the oil and gas industry to industrial production of the Republic of Uzbekistan (%)	19
Chart 1.4. Incremental natural gas export revenues in incremental GDP	20
Chart 2.1. Consummated foreign investments during implementation of petroleum sector projects included in the State Investment Program of Uzbekistan (US\$ million)	26
Chart 2.2. Uzbekistan's tax rates from 2001 to 2007 (%)	33
Chart 3.1. State Objectives in Development of Uzbekistan's Oil and Gas Industry	38
Chart 4.1. Area of prospective oil- and gas-bearing regions (square kilometers)	40
Chart 4.2. Level of development of Uzbekistan's oil and gas regions	40
Chart 4.3. Dynamics of proven oil reserves in Uzbekistan (million tons)	45
Chart 4.4. Dynamics of proven gas reserves in Uzbekistan (million cubic meters)	45
Chart 4.5. Delineation of forecast resources of natural gas in Uzbekistan.	46
Chart 4.6. Scope of exploration drilling in the Republic of Uzbekistan since 2000 to 2012 (thousand meters)	49
Chart 4.7. Scope of 2D seismic survey between 2000 and 2012 (linear kilometers)	50
Chart 4.8. Allocation of investment blocks to regions	51
Chart 4.9. Preparation of target sites using geophysical methods in the territory of Uzbekistan	52
Chart 4.10. Oil import growth rates in Uzbekistan since 2003 to 2007 (million tons)	53
Chart 4.11. Oil and gas-condensate production in Uzbekistan since 1995 to 2006 (million tons)	54
Chart 4.12. Correlation between oil and gas-condensate production in 2006 (million tons)	55
Chart 4.13. Production of commercial gas in Uzbekistan between 1996 and 2006 (billion cubic meters) ..	56
Chart 4.14. Commissioning schedule for gas pipelines (kilometers)	62
Chart 4.15. Quantity of oil products at the Fergana oil refinery broken down by types	66
Chart 4.16. Output of oil products by the Fergana and Bukhara oil refineries in 2006 within Uznefteprodukt	67
Chart 4.17. Oil refining, production of diesel fuel, gasoline and bitumen by Dzharkurganneftepererabotka in 2005 and 2006 (thousand tons)	67
Chart 4.18. Output of oil products in Uzbekistan from 2000 to 2006 (thousand tons)	68
Chart 4.19. Gas processing in 2006 broken down by gas processing plants (billion cubic meters)	69
Chart 4.20. Composition of low-sulphur and high-sulphur gas supplied to the Mubarek plant	70
Chart 4.21. Production capacities of the Shurtan gas chemical complex (million tons)	72
Chart 4.22. Gas processing and marketable gas output in 2002 to 2006 (million cubic meters)	73
Chart 4.23. Output of marketable products by the Shurtan gas chemical complex (condensate, polyethylene, liquefied gas) in 2002 to 2006 (thousand tons)	74
Chart 4.24. Shurtaneftegaz capacities for commercial output in 2006 (thousand tons)	75
Chart 4.25. Primary energy carriers consumption balance in 2006 in Uzbekistan.	77
Total: 48.5 million tons of oil equivalent	77
Chart 4.26. Development of oil consumption in Uzbekistan from 2000 to 2006 (million tons)	78
Chart 4.27. Gas consumption in Uzbekistan from 2000 to 2006 (billion cubic meters)	79
Chart 4.28. Natural gas consumption in 2006 broken down by categories of consumers.	79
Chart 4.29. Oil export from Uzbekistan in 1995 to 2002 (million tons)	81
Chart 4.30. Export of natural gas from Uzbekistan in 1995 to 2006 (billion cubic meters)	82
Chart 4.31. Natural gas import structure for Uzbekistan (billion cubic meters)	82
Chart 5.1. National Holding Company Uzbekneftegaz ownership structure	85
Chart 5.2. NHC Uzbekneftegaz organizational governance structure	87
Chart 5.3. Companies within Uzgeoburneftegaz	89

Chart 5.4. Neft Va Gaz Kuduklarini Sinash Shareholders91
Chart 5.5. Companies within Uzneftegazdobycha92
Chart 5.6. Investments in gas projects by 2010 and planned output94
Chart 5.7. Production of oil and gas by Andizhanneft95
Chart 5.8. Companies within Uztransgaz96
Chart 5.9. Transit charges for pumping gas through the Republic of Uzbekistan99
Chart 5.10. Uznefteprodukt organizational structure100
Chart 5.11. Joint Stock Company Uzneftegazstroyinvest organizational structure101
Chart 5.12. Shareholders of Kashkadaryaneftegazpromstroy ahead of 2007-2008 privatization103
Chart 5.13. AK Uzneftegazmash organizational structure104
Chart 5.14. Uzbekneftegaz 2006 revenue from exports sales (%)106
Chart 6.1. Gas production at the Shakhpakhty field (Gazprom's share) in the period to 2010 (million cubic meters)109
Chart 6.2. The dynamic of an increase in LUKoil's hydrocarbon reserves in the Kandym group of fields in 2004-2006 according to international standards114
Chart 6.3. Investments in the PSA-based Kandym-Khauzak-Shady-Kungrad project (US\$ million)115
Chart 6.4. Evaluation of the feasibility of gas production by LUKoil on the Khauzak - Shady blocks in the period to 2010116
Chart 6.5. Gas production potential of the Kandym field before it reaches a plateau rate117
Chart 6.6. UzPEK investments in 2001-2004 (\$ million)119
Chart 6.7. Hydrocarbons production by Kokdumalak Gas JV in 2005 and 2006 and forecast for 2007125
Chart 6.8. Product sharing under the PSA129
Chart 6.9. Investment in North Urta bulak development under Baker Hughes (US\$ million) VSP130

Tables

Table 1.1. Key macroeconomic indicators for the Republic of Uzbekistan	17
Table 2.1. Production sharing agreements executed with foreign investors	27
Table 2.2. Current tax rates	34
Table 4.1. Comparative figures of reserves and extraction volumes of liquid hydrocarbons and natural gas in Uzbekistan, Russia, Kazakhstan, Turkmenistan and Azerbaijan	39
Table 4.2. Parameters of the most important gas pipelines in Uzbekistan	61
Table 4.3. Price growth for gas delivered from Uzbekistan to other countries in 2004 to 2006 (US\$ million)	83
Table 5.1. Uzbekneftegaz key financial performance indicators (US\$ million)	88
Table 5.2. Drilling programs that have led to new discoveries	90
Table 5.3. Uzneftegazdobycha's ownership shares in subsidiaries as of mid-2007	93
Table 5.4. Uzgeoburneftegazdobycha's operating performance before 2005 and Uzneftegazdobycha's operating performance in 2006 (US\$ million)	94
Table 5.5. Andizhanneft financial performance (US\$ million)	95
Table 5.6. Specifications of the Uzbek gas pipeline system	98
Table 5.7. Uznefteprodukt financial performance data (US\$ million)	100
Table 6.1. Key indicators of Gazprom's five Uzbek blocks	110
Table 6.2. Sroytransgaz Oil's potential blocks in Uzbekistan	122
Table 6.3. Services provided by Eriell Corporation s.r.o. in Uzbekistan	132

Maps
